### DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 2/22/2007 has been entered.

2. Newly submitted claim 18 directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the original presented invention is directed to communication within a print system classified in 358/1.15; newly presented claim 18 is directed to a print restriction apparatus such a restriction server classified in 726/12. Claim 18 and original presented claims are related as combination and subcombination. The combination as claim does not require the particular of the subcombination such as "each printing function is configured to issue a ticket allowing a use of the printer of the printer ID included in the header information, and each printing function is configured to transmit said ticket." The restriction server has separate utility such as using the server for storing data.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claim 18 is withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

***Allowable Subject Matter***

3. Claims 1-11 are allowed.
4. This application is in condition for allowance except for the presence of claim 18 directed to an invention non-elected in the reply filed on 2/22/2007. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.
